Hi Wendy,

I can't find my original RARE proposal, but most of it is included in the interagency memorandum. The budget in this document doesn't include the same detail of info as the budget I included in the original proposal. Luckily I did the budget in a spreadsheet first, so I attached the spreadsheet that shows the budget details.

I forgot that there was a justification for why LANL was the best group to go with to get the work done, so I also included that document for future consideration.
